FOREST INDUSTRIES INC.

Environmental Policy

Al-Pac is committed to maintaining an internationally competitive and sustainable enterprise with minimal effect on the environment.

To meet this commitment, Al-Pac will work closely with government, Aboriginal peoples and the public to:

- apply ecologically responsible forestry practices
- implement and maintain procedures to prevent pollution and to protect the environment from the release of harmful substances
- maintain a progressive approach in the development of new operational techniques and equipment
- operate our facilities diligently to ensure compliance with established environmental legislation and regulations and other requirements to which the company subscribes

Al-Pac will work to continually improve its environmental management systems through setting and reviewing goals and objectives.

The protection of our environment is the responsibility of every person. At Al-Pac, protection of the environment is more than a responsibility; it is an integral part of the way we conduct business.

What I need to know about our Environmental Management System (EMS)

- Have a general awareness of the EMS and Al-Pac Environmental Policy
- Know how I can affect the environment in **MY** job
- Know **MY** Standard Operating Procedures
- Be aware of the potential **CONSEQUENCES** for not following procedures
- Know the **EMERGENCY RESPONSE** procedures specific to my job
- Know **WHERE** fire tools, first aid kits, and contact phone numbers are located
- Know **WHO** my **SUPERVISOR** & Al-Pac **REPRESENTATIVES** are and how to contact them

***When in doubt
STOP WORK
and get help!***
