Section(s) _____ TWP. _____ RGE _____ W. _____ MER.

Section(s) _____ TWP. _____ RGE _____ W. _____ MER.

TM88 Instructions

Public Land Disposition for the purpose of these instructions shall be “disposition”.

The TM88 form provides record of the transfer of ownership of timber or salvage from a disposition, from buyer to seller, and a form must accompany each and every exchange of ownership of the timber / salvage.

The TM88 form transfers the ownership of the timber or salvage from a disposition, and while not required to accompany each load from the disposition, it **does not** replace the requirement for a Form TM9 or Forest Products Hauling Record to accompany and identify each load of timber/salvage removed from the disposition.

The TM88 or **Timber / Salvage Ownership Transfer Authority Form** is recognized by the Crown in Right of Alberta as record of ownership transfer, and must be provided, upon request, for inspection by a Forest Officer, an officer of the Royal Canadian Mounted Police, a special constable, a peace officer or any other person authorized for the purpose by the director.

Multiple dispositions may be included on one form TM88; the form must be complete, accurate and legible.

Failure to; accurately complete, retain a record of, or provide the form may be considered a contravention of Timber Management Regulation, and be subject to enforcement action.
